

Episode #1 Pivot Point Limited Series Take us forward to the future

Maggie Kerr from Universal Astrology takes us on a fascinating journey into the past to reveal how the planetary cycles have impacted history up until now, and how the amazing alignment of the planets in 2021 are moving us towards unity consciousness and freedom from fear and limitation.

Top Tips

Simple steps to action

Get excited

- Our Aquarian future inspires us with a new wave of – freedom, innovation, liberation & change!
- Be happy to release the past and let go of people & things that no longer serve you
- Use your intuition & imagination to ‘dream up’ the future you want

Embrace change

- Yes you can! Our world is ready for clever people & solutions to heal many issues
- EVERYDAY say the words “It is safe for me to prosper as I grow and move forward”
- Aquarius brings us clever crazy inventive people who are willing to ‘dare to be different’!

Follow freedom

- Re-program old beliefs that you are limited or stuck as these are holding you back
- Your new words are “I am a positive optimistic person who is free to be the best that I can be
- Lighten up! The gloomy hard energies of the past 3 years are now behind us.
