

Season 2 Episode # 11

Taking a Risk: moving from a stable solid career to a startup

Bill Lombardo woke one morning and realised the career he had spent many years developing and honing just wasn't cutting it anymore. He needed to reignite his passion and follow his heart. Bill stepped out of the comfort of a stable and well respected role and traversed to the world of startups. His journey took him on a pathway that was not always planned, but ultimately he actioned his goals and found his way to embarking on a new career that surpassed his own expectations.

Top Tips

Simple Steps to Action

Get centered – be in an self-empowered vs survival state

Meditation

Look at setbacks, challenges as growth opportunities

Self-reflection, belief that ...this too shall pass—Journaling

Clear about your Vision of the future (self)

Know what you intentions/goals are—have a Plan: visualize and feel achieving them
