

Episode # 34

The year ahead: 2022 – Maggie Kerr Universal Astrology

Maggie shares her insights on 2022 and how the planets will influence the globe and the impact on us individually and how we can best navigate the year ahead.

Top Tips

Manage your fears & uncertainty about where the world is at by tapping in to your higher Self or Soul as a source of faith & trust that "I am safe, and all is well"
Remember stepping into LOVE & COMPASSION is the purpose of LIFE.

As 2022 is a year of preparation before new energies on the way between 2023 to 2025 allow yourself to be in "The Gap – the place between what I once was...and what I am not yet".
Heal and develop your Parasympathetic Nervous System. This is where our mind and body can self- heal and build our immune system.

Huge theme of our times involves innovation and revolution so we must let go of the past & 'dare to dream' and allow our wildest insights & ideas to inspire us.
When we know that we live in a limitless reality then any and everything is possible!
Your mantra is "Magic Happens!"

Simple steps to action

Listen to your inner voices and have a relationship with them!
By validating and then nurturing our fearful thoughts, our positive thoughts gain strength.

Tap into your HS Soul connection to your creative source and ask for fresh inspiration for ideas you can 'gestate'. Accept that this is a go slow time and that's OK!
Use the "User Guide to the Human Being" attached...

Make an A3 size 'dream board' and every time an idea pops in draw a 'thought form bubble' on your page. Then every day focus on the bubbles and 'invite' the resources & people you will need to bring an idea into reality!
