Top Tips

Simple steps to action

Jumping in can be fun

- Use the fear, the adrenalin that comes with making a change to your advantage. Know that it is part of it and can help you take the pivot on.

Be kind and respectful of people

- Regardless of people's points of view, their background or what they have to say respect the differences and see what you can learn.

Stay focused on the pivot and work hard

- If it is a pivot of choice or not, stay focused and work hard to get where you need to go.
